PROFESSIONAL SUMMARY

An enthusiastic and outgoing MCA graduate with a strong academic background in computer applications and IT. Possesses good problem-solving skills, strong communication abilities, and a positive attitude toward learning. Comfortable working in a team and adapting to new environments. Seeking an opportunity to contribute, grow, and gain practical experience in the tech industry.

SKILLS

- Technical Skills: Java, C, Python, MySQL, HTML, CSS, JavaScript
- Frameworks & tools: React.js, GIT, GitHub

PROJECT

Mini Project: Predictive Analysis in Online Food Delivery

Developed a data-driven mini project using Python for exploratory data analysis and predictive modeling on a food order dataset. Applied data preprocessing techniques including type casting, handling missing values, and duplicate removal using Pandas and NumPy. Performed data visualization using Matplotlib and Seaborn to identify trends in cuisine types, order days, and preparation times. Implemented a Linear Regression model using Scikit-learn to predict customer ratings based on features like cost of order and food preparation time.

EDUCATION

Master of Computer Application-2025

Cambridge Institute of Technology-Bangalore

CGPA - 9.12

Bachelor of Science

J S S College-Dharwad

72.08%

CERTIFICATION

The Joy of Computing using Python- NPTEL

Linux, AWS, DevOps- APPONIX Academy

LANGUAGES

English, Kannada, Hindi

SOFT SKILLS

- Strong communication & leadership
- time management
- adaptability and problem-solving abilities.
